Dear Ms. Doe,

The Department of Human Services (DHS) is expanding its Medicaid program and your benefits are changing. Your Medicaid coverage, also known as Medical Assistance, will continue. You do not need to do anything.

What is changing?

As part of Pennsylvania's Medicaid expansion, adults age 21 and older will get a new Adult benefit package. See the "Welcome to Medical Assistance" page that came with this letter for more details about your benefits.

Who does this affect?

This change affects adults age 21 and older who receive Medical Assistance under the *Healthy Interim* and *Healthy Plus* benefit plans.

Why is this changing?

This change will make your benefit plan simpler for you and your health care provider. It will also make it easier for you to get the services you need.

When will this take effect?

Your Adult benefit package will begin April 27, 2015. You do not need to do anything for this change to happen.

If you do not agree with this decision, please fill out the Fair Hearing form that came with this letter, then mail it or give it to your caseworker no more than 30 days from the mail date on this invoice.
