

FOOD STAMP QUESTIONS & ANSWERS

From the TANF Training Sessions

QUESTION	RESPONSE
If a FS client reports to the CCIS that he is in a paid work study program but the income is low enough that it doesn't count as employment in CIS and is in CIS as a training activity w/paid code 04, do we continue funding, since PELICAN passes eligibility?	If the activity is coded as training in CIS, the CCIS may pay for child care during the hours the p/c participates in this activity as determined by enrollment stabilization and based upon the p/c's self-certification of child care need.
if a FS client reports that he has graduated from school and is seeking employment, do we AA immediately or fund until CAO updates training screen with an end date?	Subsidized child care should continue until the CCIS receives the update from CIS unless the CAO directs the CCIS to end enrollments immediately.
If a FS client calls & reports training has ended or that it is paid training does CCIS discontinue funding or wait for update in CIS	Subsidized child care should continue until the CCIS receives the update from CIS unless the CAO directs the CCIS to end enrollments immediately.
When a FS case has an update of employment but training remains at 40 hours in PELICAN, do we continue funding?	The CCIS must continue funding under FS for the training only and may create an LI case for placement on the waiting list. Once the LI case reaches the top of the waiting list, the CCIS would close the FS case voluntarily and pay for all child care under the LI case.
